this book analyzes the conspiratorial concept of parakratos translated as deep state or parastate as a cold war parallel power mechanism that exerted a profound influence on the political landscape in post civil war greece 1949 1967 a well known phenomenon to the greek domestic public the far right parakratos became the usual suspect for political murders election rigging

and terrorism during this period despite its notoriety for numerous outrageous incidents including the assassination of the left wing politician grigoris lambrakis in thessaloniki in 1963 the structure of the parakratos has eluded a comprehensive understanding primarily due to the paucity of reliable sources and the absence of a scholarly consensus regarding its nature parakratos endeavors to problematize the current conception of parakratos by underscoring the capacity of the concept to not only represent but also define and transform the greek domestic cold war politics and our perception of it rather than seeking to explain the presumed conspiracies typically ascribed to the groups and members the book aims to demonstrate how these events influenced the domestic and international politics of the era and thereby contributed to the establishment of a legacy of conspiracy theories as a means of political struggle moreover it connects the greek parakratos to the broader debate on parapolitics as well as the concepts of the dual state the security state and the deep state in various national contexts

the rise of italian ecodocumentaries represents a significant cultural response to urgent environmental issues reflecting a growing ecological awareness in contemporary italian society toxitaly presents comprehensive scholarly analysis of these films exploring their portrayal of key regional and national environmental events and concerns paolo chirumbolo discusses the impact of these documentaries on italian culture highlighting how they depict industrial landscapes and articulate the emerging ecological consciousness the analysis is structured around four main narratives petronarratives steel narratives chemical narratives and waste narratives each ecodocumentary is examined thematically and formally with chirumbolo employing bill nichols s theories on the various modes of representation in documentary film to define the relationships between subject matter filmmaker and viewer in a time of increasing public interest in environmental issues and the growth of grassroots movements toxitaly illuminates how ecodocumentaries can shape public discourse and inspire ecological awareness both in italy and beyond

the routledge companion to butoh performance provides a comprehensive introduction to and analysis of the global art form butoh originating in japan in the 1960s butoh was a major innovation in twentieth century dance and performance and it continues to shape shift around the world taking inspiration from the japanese avant garde surrealism happenings and authors such as genet and artaud its influence can be seen throughout contemporary performing arts music and visual art practices this companion places the form in

historical context documents its development in japan and its spread around the world and brings together the theory and the practice of this compelling dance the interdisciplinarity evident in the volume reflects the depth and the breadth of butoh and the editors bring specially commissioned essays by leading scholars and dancers together with translations of important early texts the open access version of this book available at taylorfrancis com has been made available under a creative commons attribution cc by 4 0 license
