based on the author s research in ho chi minh city hanoi and other urban areas in vietnam this study of contemporary vietnamese popular music explores the ways globalization and free market economics have influenced the music and subcultures of vietnamese youth focusing on the conflict between the politics of remembering nurtured by the vietnamese communist government and the politics of forgetting driven by the capitalist interests of the music industry vietnamese youth at the end of the second and beginning of the third millennium are influenced by the challenges generated by a number of seemingly opposite ideologies and realities such as the past versus the present socialism versus capitalism and cultural traditionalism versus globalization vietnam has undergone a radical demographic shift with a very pronounced youth movement and consequently vietnamese popular culture has been radically reshaped by a young population coming of age in the twenty first century as olsen reveals the way vietnamese young people cope with these opposing and contrasting forces is often expressed in their active and passive music making

explains how nursing informatics relates to knowledge acquisition knowledge processing knowledge generation and knowledge dissemination and feedback all of which build the science of nursing

the routledge reader on the sociology of music offers the first collection of source

readings and new essays on the latest thinking in the sociology of music interest in music sociology has increased dramatically over the past decade yet there is no anthology of essential and introductory readings the volume includes a comprehensive survey of the field s history current state and future research directions it offers six source readings thirteen popular contemporary essays and sixteen fresh new contributions along with an extended introduction by the editors the routledge reader on the sociology of music represents a broad reference work that will be a resource for the current generation of sociologically inclined musicologists and musically inclined sociologists whether researchers teachers or students

for surveys of musical theater music appreciation courses and popular culture surveys this unique historical survey illustrates the interaction of multiple artistic and dramatic considerations with an overview of the development of numerous popular musical theater genres this introduction provides more than a history of musical theater it studies the music within the shows to provide an understanding of the contributions of musical theater composers as clearly as the artistry of musical theater lyricists and librettists the familiarity of the musical helps students understand how music functions in a song and a show while giving them the vocabulary to discuss their perceptions
